

Screw Adapter

Adapters for conversion of screw size.

Several kinds of screw sizes are available.

CA-F6T10

CA-F10T6

For Force gauges				
Model	Size	Dimensions	Capacity	Description
CA-F6T4	M6 (female) to M4		100N	For mounting of M4 attachments to M6 measuring shaft of force gauge.
CA-F6T10	M6 (female) to M10		500N	For mounting of M10 attachments to M6 measuring shaft of force gauge.
CA-F10T6	M10 (female) to M6		500N	For mounting of M6 attachments to M10 measuring shaft of force gauge.

For FRT				
Model	Size	Dimensions	Capacity	Description
CA-F4T6	M4 (female) to M6		100N	For mounting of M6 attachments to FRT (Food rheology tester).

For Load Cell LMU Series				
Model	Size	Dimensions	Capacity	Description
CA-F5T4	M5 (female) to M4		100N	For mounting of M4 attachments to M5 measuring shaft of load cell LMU series.
CA-F5T6	M5 (female) to M6		500N	For mounting of M6 attachments to M5 measuring shaft of load cell LMU series.

For T-Slot Table and Load Cell LU Series				
Model	Size	Dimensions	Capacity	Description
CA-8T4	M8 to M4		100N	For mounting of M4 attachments to M8 measuring shaft of load cell LU series. *Invalid for T-Slot table.
CA-8T6	M8 to M6		500N	For mounting of M6 attachments to T-Slot table or M8 measuring shaft of load cell LU series.
CA-8T10	M8 to M10		2000N	For mounting of M10 attachments to T-Slot table or M8 measuring shaft of load cell LU series.
