

Small Type Manual Test Stand KV-50N

Easy to carry or store due to its lightweight and compact design Allows fine movement of force gauge which enables precise testing

| Feature 1 | Feature 2 | Feature 3 |
|--|--|---|
| Easy to carry | Fine Movement | Various options for various testing applications |
| Easy to carry or store with force gauge mounted due to its lightweight (approx.2kg). | Allows fine movement of a force gauge's position (1.0mm/1 turn). | Length scale option and custom made of table and stroke are available to meet your measurement needs. |

| Specifications | | |
|--------------------|---|--|
| Capacity | 50N | |
| Loading Method | Rack and pinion | |
| Travel Rate | 1.0mm/1 turn | |
| Max. Sample Height | Approx. 63mm | |
| Weight | Approx. 2kg | |
| Dimensions | See [Dimensions] | |
| Available Options | -S: Length scale (the min unit: 0.01mm) | |

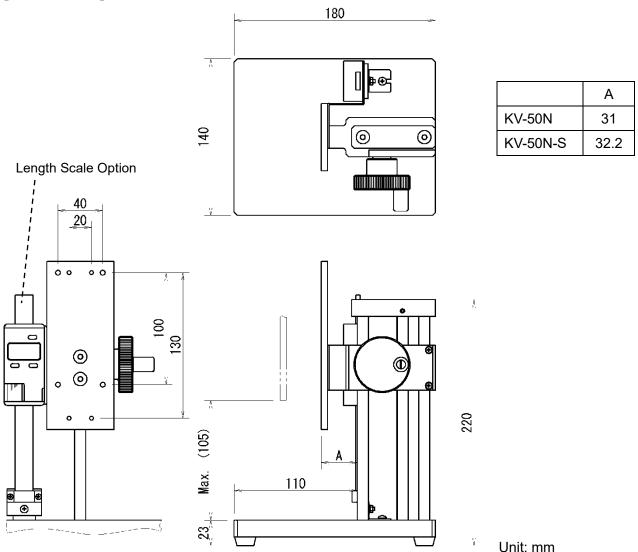

^{*} The Max. Sample Height refers to the distance between the test stand table and the tip of force gauge (1000N or less of ZT series) measuring shaft when the head is at the top.

| Custom Manufacturing | | |
|----------------------------------|---|--|
| Table with M6 female screw holes | Making M6 female screw holes in the table to attach the grip mounting adaptor (GF-1). | |
| Wide Table | The size of the table can be expanded depending on the size of the sample. | |
| Extension of the stroke | The stroke (the amount of the force gauge movement) can be extended up to 100mm. *Extending the stroke reduces the load capacity. | |
| Stainless steel table | Manufacturing of stainless steel (SUS304/SUS440C) tables for the purpose of food and hygiene-related use. | |

| Mountable Force Gauges for KV-50N | | | | |
|---|--|---|--|--|
| DST/DSV series | ZTS/ZTA series | FB/PS/PSM series | | |
| Digital force gauge with excellent cost performance capable to manage data with PC. | Digital force gauge with high precision, featuring high sampling rate and a variety of useful functions. | Mechanical force gauge for easy handling. | | |
| | | | | |
